How to send us your file

· PDF at 1:1 scale, not password protected, without crop or registration marks.
· CMYK colours with Fogra 39 profile · 300 dpi resolution.
· Fonts embedded or converted to outlines · strokes at least 0.25 pt.
· Use page 1 as a guide and delete it, with its lines, before exporting.
· Three equal panels of 21 cm; one PDF page for the outside, one for the inside.
· For a roll fold the inner panel is usually a few mm narrower: ask us before you design.
